BRITISH SHIPS FLED

LEFT SURVIVORS OF THEIR FLEET TO GERMAN RESCUERS

ONE GERMAN CRUISER SANK SIX BRITISH TORPEDO BOATS

BERLIN WILD WITH ENTHUSIASM ENGLAND STUNNED BY BLOW

Over 150,000 Tons of Warships Sunk, Two Zeppelins and the Crews Destroyed, and 10,000 Lives Sacrificed on Both Sides, in the Worst Naval Battle of History.

(By Associated Press.)

LONDON, June 3.—Details of the battle in the North Sea emphasize the advantage gained by the Germans inflicting heavy losses upon the British while escaping with considerably smaller losses themselves. German estimates of the tonnage destroyed place it at 133,000 tons of British and 23,000 tons of German ships. These figures probably include the British battleship Warspite of 27,500 tons, which the British announce is safe. It has not appeared from any accounts that the British main battleship fleet was actually engaged. Zeppelins acted as scouts.

The tonnage of capital ships sunk by the Japanese in battle with the Russians near Tsushima aggregated 93,000 tons, when 21 Russian craft were destroyed.

BERLIN CELEBRATES VICTORY

(By Associated Press.)

BERLIN, June 3.—The city is decked with flags and the greatest enthusiasm prevails. That the Germans maintained the field after the battle is shown by the rescue of British survivors. The full German high sea fleet was engaged under personal command of Vice Admiral Scheer.

The admiralty reports that at least 34 British capital ships were engaged, and that the British torpedo boat flotillas were severely handled. The battleship Westfalen alone sank six torpedo boats.

The German losses are small compared with the British.

(By Associated Press.)

LONDON, June 3.—The Daily News calls for the return of Lord Fisher, ex-first sea lord of the admiralty to the head of the navy, saying: "The country needs him in this urgent hour."

(By Associated Press.)

LONDON, June 3.—An unconfirmed report says eight German warships took refuge in Danish waters after the battle. They were notified to leave within twenty-four hours. A British fleet is waiting for them.

A Berlin dispatch says the admiralty admits loss of the dreadnaught Westfalen with a complement of more than 900.

The British admiralty says the battleship Marlborough was hit by a torpedo, but was towed safely to port. The Warspite was damaged by gun fire.

DIVORCE GRANTED

A decree of divorce was entered yesterday in the district court in the case of Angelina Tambourine vs. Louis Tambourine.

WEST END BULLION SHIPMENT FOR MAY

The West End mill shipped this morning 38 bars of bullion weighing 62,498 ounces representing the production for the second half of May. The value of the gold and silver bullion is hard to estimate in view of the violent fluctuations of the silver market. The last shipment was estimated to carry values based on 85 cents an ounce but with silver ruling around 64 cents an ounce the value of the contents is made at 70 cents an ounce making the value of the shipment \$43,748. By the time the bullion emerges from the refinery with the gold and silver contents segregated silver may be back to the quotations of last week and the product be worth nearly 25 per cent more.

FIRST NEVADA PAPER CEASES PUBLICATION

VIRGINIA ENTERPRISE, PART OF THE GLORIES OF COMSTOCK, WILL ISSUE NO MORE

Old Comstockers in many parts of the country and the younger generation who have learned of the glories of Virginia City and Gold Hill from the lips of men who were friends of Mark Twain, Dan de Quille, Harry Hays and many other noted newspaper men and authors, felt a thrill of sorrow when the Virginia Enterprise announced that on June 1 it would be merged with the Virginia Chronicle and cease publication. Years ago the Enterprise was one of the most noted newspapers in the west. It was the first paper to be published in Nevada, having made its appearance in Genoa in 1858. Alfred James and W. L. Jurnegan were the owners. In 1859 its habitat was moved to Carson City and in the following year the prosperity of Virginia City mines drew it to the Comstock. There it flourished until 1893, when it suspended.

LONGSHOREMEN GAIN DEMANDS

(By Associated Press.)

SAN FRANCISCO, June 3.—The Toyo Kisen Kaisha has temporarily granted the full demands of the striking longshoremen. The demands include wage raises and the closed shop rule. The Hind, Rolph company granted all demands at the start of the strike. Union officials express confidence that other big shipping interests will follow the action of the Japanese line. A short time later it was revived and continued publication until yesterday. The Enterprise was made famous by such writers as Mark Twain, Dan de Quille, C. C. Goodwin, Joe Goodwin and a host of other brilliant writers who either made names for themselves or later in other fields laid down the pencil at the call of death in Nevada.

AFTERNOON NEWSPAPERS ARE GROWING

Since the use of improved newspaper publishing machinery has become general, afternoon newspapers have grown more and more popular with the average reading American.

Today in nearly every city in the United States, afternoon newspapers have larger circulations and advertising patronage than in the past.

The development of the afternoon newspaper is steady because it is based on the ability to give better service to the public.

IN CHICAGO 150,000 CITIZENS TURN OUT FOR PREPAREDNESS

(By Associated Press.) CHICAGO, June 3.—So great was the enthusiasm with which Chicago rose to the spirit of the preparedness demonstration that two parades were necessary, one in the day and one at night. More than 150,000 men and women took part in the parade today, having pledged themselves to do so, rain or shine. The women said that if it rained they would wear their old clothes and would not let their enthusiasm be quenched by fear of a drenching.

The day parade formed this morning in Michigan avenue, south of Van Buren street and marched north on Michigan avenue and via Jackson street to a point west of the Chicago river where disbandment took place late this afternoon.

The men and women that took part came from nearly all trades and professions. The middle-aged and the

gray-headed walked briskly along with strapping youngsters, all inspired by the general enthusiasm, the crashing sound of drum and horn and the waving of thousands of flags.

The formation of the marches consisted of the following distribution:

Platoon of police; mounted trumpeters; a group representing the famous picture, "The Spirit of '76"; Grand Marshall E. C. Young and staff; Chicago court judges; Mayor William H. Thompson, members of the city council and various city departments; Grand Army of the Republic veterans; Spanish War veterans and cadets from military training camp. This formed the advance of the parade and then came the main divisions, as follows:

First division: Commercial and industrial interests.

Second division: Bankers, insurance

AUSTRIAN WOMEN WANTING HUSBANDS

PROTEST AGAINST RULES PREVENTING THEM FROM ENTERING INTO MARRIAGE

(By Associated Press.) VIENNA, June 3.—To protest against the legal prohibitions and hindrances to marriage in Austria, the Austrian Women's Union is organizing a series of demonstrations. In a manifesto issued to the public the union declares that it is surprising that at a moment when there is a general desire for an increase of population the state itself prevents whole categories of persons, especially women from marriages.

SUSTAINS RULING IN TONOPAH TAX

SUPREME COURT DECIDES THAT ALL LOCAL BUSINESS HOUSES MUST PAY

The Supreme court in the case of county commissioners of Nye county vs. Henry Schmidt and others reversed the decision of the lower court and held the town government act to apply to all unincorporated towns in the state. By this decision it is held that practically every occupation and business carried on in Tonopah is subject to the license tax.

The Supreme court of the state of Nevada in the case of county commissioners of Washoe county vs. Griswold, 23, Nev. 183, held directly to the contrary. In the Nye county case this decision is overruled without comment upon it.

ATHLETIC MEET OF PACIFIC COLLEGES

EIGHT TRIED ATHLETES ENTERED FROM EACH OF FIVE UNIVERSITIES

(By Associated Press.) PULLMAN, Wash., June 3.—The Pacific Northwest Intercollegiate Conference track and field meet was held on Roger's Field of the Washington state college here today. Most of the leading colleges and universities of the northwest enter eight athletes each.

Teams come from Washington State College, University of Idaho, Whitman College, Oregon Agricultural College and the University of Oregon.

Last year the meet was scheduled to be held on the track of the Oregon Agricultural College, but rain forced the athletes to run in the big armory at the college. Two years ago the conference meet was held here with Oregon the winner. Five records were made at the 1914 meet.

DECORATION DAY COMMITTEE

The members of the Decoration day committee wish to thank all those who helped in making the observance of the day the success that always marks the day in Tonopah.
